

T&W Church Solutions
3841 West Morris Street
Indianapolis, IN 46241

To Whom It May Concern:

We at Covenant House Ministries want to convey our deepest thanks for a job well done!

Our project would not have been a success without the efforts of the T&W Church Solutions Team of Kurt Williams, Steve Shehorn, Andrew Huey and Steve Davis. Through the Pre-Construction phase of the Process, Kurt Williams and Steve Shehorn worked tirelessly with our architect, Femi Talabi (located in Detroit, MI), and our owner's representative, Lawrence Udu, to get our project within the budget we could afford.

Our project became a reality through the efforts of Andrew Huey, our project manager, and Steve Davis, our project superintendent. We appreciate the long hours invested by both Andrew and Steve to get our project "just right". Every project has challenges. Every challenge that Andrew and Steve faced was done with excellence and with our best interest at heart.

We are thankful for the fine facility that T&W Church Solutions has built for us, but mostly, we are thankful for the long-term relationships developed with our T&W Team. When it comes time for Phase 2, we will definitely be calling our friends at T&W Church Solutions!

Sincerely,

Pastor Tony Fasoore
Senior Pastor
