

LIFE CHURCH

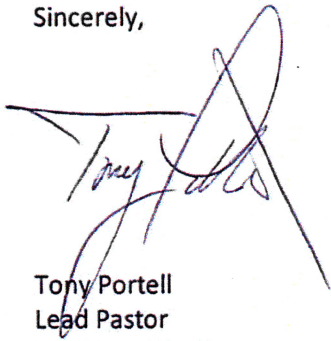

INDIANAPOLIS

December 8, 2015

To whom it may concern;

Life Church recently completed a project with a design and renovation project with T&W Construction. Our goal was to renovate a 40 year old building for use as a contemporary worship center. The staff and crew of T&W worked with us to come up with a solution and carried out the project. The project came in on time and on budget.

Sincerely,

Tony Portell
Lead Pastor
Life Church Indianapolis
