Dear Doug:

We are excited to be planning our move to the new facility! As you know, this is our second T&W project and we are again very pleased with the final result.

We appreciate the efforts of your entire team. Beginning with the project budget through the end of construction, we always felt your recommendations had our best interest in mind.

Tim Howard, Kevin Loper, and you were always willing to listen to our needs and concerns. You kept us well informed as we progressed through the project.

Please let your team know how much we appreciate their contributions.

Regards,

Greg Miller
