Dear Kurt and the entire team at T&W,

On behalf of the ministers, staff, elders, and congregation of Outlook Christian Church, I want to express appreciation for T&W's high level of professionalism and painstaking attention to detail during the entire construction process.

Working with a team of God-centered brothers- in-Christ, that included Kurt Williams, Steve Shehorn and Rick Wright, was a true blessing and an answer to prayer. These three should be commended for their representation of T&W.

With the collective knowledge of knowing we were not just building a building, but helping build God's Kingdom here on earth, T&W made it possible for us to be good stewards of the resources God bestowed upon us. While there are many examples to cite, the one that stands out the most is making us aware of the savings between the GMP contract bids and the final subcontract bids. Having this awareness allowed us to make informed decisions on how to proceed on other needs as they arose.

From the very beginning, we felt confident that T&W had the best interests of Outlook Christian Church in mind. Steve Shehorn (Project Manager) and Rick Wright (Superintendent) were very attentive to our needs and maintained good communication throughout the project.

We recommend T&W Church Solutions whole-heartedly and without reservation.

Best Regards,
