

To Whom It May Concern:

Please allow me to offer this official letter of recommendation for T&W. T&W is our go-to contractor for build projects and has been for the last ten plus years.

We appreciate the way that they have taken care of us and the consistent team that we have been able to work with. Knowing that when we call T&W for a possible project, we do not have to start from scratch is a tremendous reassurance. We know that we are working with an organization that knows us. We know that we are going to be able to connect with Kurt with his years of industry knowledge. We know that we are going to be able to talk with Jake, who has worked with us on multiple projects as the project manager. We know that if we ask for Mike, because he did such a great job on our Midtown project, T&W will gladly assign him as our Superintendent.

Another reason T&W is our preferred contractor is their transparency. T&W offers open book bidding from start to finish. Because of this, there is no doubt in our minds that we are being taken care of. We see the extreme value in the way they manage their vendors, offer warranties, and make the process easy for us.

T&W mirrors the same integrity, values, and care with their projects, that we invest in our own. We have appreciated working with them in the past and look forward to working with them on many projects ahead.

Sincerely,

Melody Landis
Environments Project Manager
