Greetings from Epworth United Methodist Church!

We chose T&W because of your reputation earned while working with other churches. I just wanted to take a moment and say thank you for delivering as promised. In this world that is not the norm for every business, but it is at T&W!

From the beginning, you were patient and transparent with us as we went through the design phase. You provided expert advice and helped us navigate expectations for our budget in the quickly changing landscape of supply and cost in post-pandemic world.

The ability to work with a not-to-exceed budget allowed us to move forward quickly with raising funds and gaining commitments from our congregation. Unfortunately, they were all too familiar from past experiences with rising costs and unmet expectations, but not this time!

Once we were ready to go, your team was careful to navigate our needs in an active building with a daily preschool and countless community and church activities. We didn't miss a beat. Your construction subs were excellent representatives of T&W and by extension our church. They even added a different kind of life to the building during construction. Our preschoolers were daily entertained by all the activity.

The entire experience was seamless and worry free. T&W was truly our partner in this project. Thank you for delivering as promised (and more)!

I will wholeheartedly be recommending T&W to my colleagues. The church world needs more partners like T&W. Epworth is ever grateful for having partnered with you.

Blessings,

A handwritten signature in blue ink, appearing to read "Rodney".
